Technical Rider

PA System

- PA system being able to cover the entire venue and balcony.
- FOH Desk imperatively located in the centre of the venue.
- Mixer 8 channels minimum, 4 aux, 4 band param eq.
- If you provide analog or not total recall digital board please be aware that our channels and settings (even on outboards rack gear) can't be used by other engineer & must stay untouched between soundcheck & performance.

Monitors

- 3 monitors consisting of 1x15"+1x2"

Miscellaneous

- Hammond organ (b3 or c3) with Leslie speaker and Wurlitzer (a200)
- bass amp
- 1 adjustable piano bench
- warm lighting without strong colors

Vince brings his own mixer where he connects all the keyboards with his pedal effects.
